In consideration of the compensation provided for by this Contract, the Contractor hereby further assigns all copyright interests in such materials, writings and products to the City. A copy may be retained by the Contractor. In the event the City receives a public record request for such materials, writings of products the City may, in its discretion, notify the Contractor of such request and withholds disclosure of such information for not less than five (5) business days to permit the Contractor to seek judicial protection of such information, provided that the Contractor shall be responsible for attorney fees and costs in such action and shall save and hold harmless the City from any costs, attorney fees, or penalty assessment under Ch.42.56 RCW.
12. **Assignment:** This Contract is binding on each party, its successors, assigns, and legal representatives and may not, under any circumstances, be assigned or transferred by either party without express written authorization.

R and S Street Waterline Replacement Project

June 28, 2021 | Presented by Rob Charles

City of Washougal

R and S Street Waterline Replacement Project

R Street will require installation of 650 feet of new 2 inch waterline and installation of 5 new water services - \$74,037.20

S Street will the require installation of 350 feet of new 2 inch waterline and 4 new services. There will also be new valves installed in 32nd Street - \$46,402.90

Total cost - \$120,080.10

Staff would recommend that city council authorize the city manager to execute a contract with Halme Excavating, Inc (only bid received) in the amount of \$120,080.10 for the R and S Street waterline replacements. There is sufficient budget to cover this item out of the water capital budget.

This item will be on the council's regular agenda as a consent item tonight.
