SUMMARY STATEMENT

RECOMMENDED ACTION

2020 Community Survey

City of Washougal, Washington

Presented by

May 2020

ETC Institute

A National Leader in Market Research for Local Governmental Organizations

...helping City and county governments gather and use survey data to enhance
organizational performance for more than 35 years

More than 2,200,000 Persons Surveyed Since 2007
for more than 900 cities in 49 States

Agenda

- **Purpose and Methodology**
- **Bottom Line Upfront**
- **Major Findings**
- **Summary**
- **Questions**

Purpose

- **To objectively assess satisfaction among residents with the delivery of City services**
- **To measure trends from previous surveys**
- **To help determine priorities for the community**
- **To compare the City's performance with other communities regionally and nationally**

Methodology

- **Survey Description**
 - ❑ six-page survey; included many of the same questions that were asked in previous years
 - ❑ 4th Community Survey conducted for the City
- **Method of Administration**
 - ❑ by mail and online to a random sample of City residents
 - ❑ each survey took approximately 15-20 minutes to complete
- **Sample size:**
 - ❑ goal number of surveys: 400
 - ❑ goal far exceeded: 517 completed surveys
 - ❑ demographics of survey respondents accurately reflects the actual population of the City
- **Confidence level:** 95%
- **Margin of error:** +/- 4.3% overall

Location of Survey Respondents

City of Washougal 2020 Community Survey

Q25. Approximately how many years have you lived in Washougal?

by percentage respondents (excluding "not provided")

10 years or less = 40%
15 years or less = 59%
21 years or more = 29%

Bottom Line Up Front

- **Residents Have a Positive Perception of the City**
 - ❑ 65% are satisfied with the overall quality of City services (a significant increase of 5% since 2018); only 8% are dissatisfied
- **The City Is Moving in the Right Direction**
 - ❑ Satisfaction ratings have increased or stayed the same in 49 of 54 areas since 2018, and increased or stayed the same in 44 of 54 areas since 2014
- **Washougal Rates Higher Than Other Cities in the Overall Quality of City Services**
 - ❑ The City rated 23% above the Northwest Regional Average and 17% above the U.S. Average in the overall quality of services provided by the City
- **Washougal Rates Higher Than Other Cities in Providing Customer Service**
 - ❑ The City rated 25% above the Northwest Regional Average and 28% above the U.S. Average in the quality of customer service provided by City employees
- **Overall Priorities for Improvement:**
 - ❑ Maintenance of City Streets
 - ❑ Effectiveness of Economic Development Efforts

Major Finding #1

Residents Have a Positive
Perception of the City

Q3. Satisfaction With Items That Influence the Perception Residents Have of the City

by percentage of respondents (excluding "don't know")

2020 DirectionFinder® Survey

Executive Summary Report

Purpose and Methodology

ETC Institute administered the *DirectionFinder*® survey for the City of Washougal during the spring of 2020. The survey was administered as part of the City's effort to assess citizen satisfaction with the quality of services. The information gathered from the survey will help the City align its priorities with the needs of residents. This is the fourth time that Washougal has administered a community survey with ETC Institute; the first survey was conducted in the summer of 2014.

Resident Survey. A six-page survey was mailed to a random sample of households in the City of Washougal. The survey was accompanied by a cover letter from the Mayor explaining the purpose of the survey and included a link for giving residents the option to complete the survey online. Of the households that received a survey, 517 completed the survey. The results for the random sample of 517 households have a 95% level of confidence with a precision of at least $\pm 4.3\%$.

The percentage of “don't know” responses has been excluded from many of the graphs shown in this report to facilitate valid comparisons of the results from the City of Washougal with the results from other communities in the *DirectionFinder*® database. Since the number of “don't know” responses often reflects the utilization and awareness of City services, the percentage of “don't know” responses has been provided in the tabular data section of this report. When the “don't know” responses have been excluded, the text of this report will indicate that the responses have been excluded with the phrase “*who had an opinion.*” Furthermore, the percentage of “neutral” responses (a rating of “3” on a 5-point scale) indicates that residents are, for the most part, satisfied with City services. They believe improvements could be made, but they do not have strong feelings of dissatisfaction for a particular service.

This report contains:

- a summary of the methodology for administering the survey and major findings
- charts and graphs
- benchmarking data that show how the results for the City of Washougal compare to other cities
- Importance-Satisfaction analysis
- tables that show the results for each question on the survey
- a copy of the survey instrument

Major Findings

- **Satisfaction with City Services.** Eighty-seven percent (87%) of residents surveyed, *who had an opinion*, were satisfied (rating of 4 or 5 on a 5-point scale) with the quality of fire, emergency medical and ambulance services; 78% were satisfied with the quality of police services, 70% were satisfied with the quality of customer service from City employees, and 64% were satisfied with the quality of City parks. Residents were least satisfied with maintenance of city streets (41%).

*There were six **notable increases** in positive ratings for City services from 2018: effectiveness of communication with the public (+11%), effectiveness of economic development efforts (+11%), maintenance of city streets (+8%), quality of fire/emergency medical/ambulance services (+7%), enforcement of city codes and ordinances (+6%), and quality of city water utilities (+4%). There were no **decreases in satisfaction in any of the major categories of service** from 2018.*

*Note: changes of 4% or more were considered notable

- **City Services That Should Receive the Most Emphasis Over the Next 2 Years.** Based on the sum of their top three choices, the services that residents indicated should receive the most emphasis from the City over the next two years were: (1) maintenance of City streets, (2) effectiveness of economic development efforts, and 3) the quality of City parks.
- **Perceptions of the City.** Seventy-five percent (75%) of residents surveyed, *who had an opinion*, indicated that they were satisfied (rating of 4 or 5 on a 5-point scale) with the overall feeling of safety in the City; 71% were satisfied with the overall quality of life in the City, and 65% were satisfied with the quality of services provided by the City. Residents were least satisfied with the availability of job opportunities (27%).

*There were **eight notable increases** in positive ratings from 2018 with regard to perception: overall feeling of safety in the city (+10%), overall image of the city (+10%), overall quality of life in the city (+8%), value received for city tax dollars and fees (+8%), availability of job opportunities (+7%), overall quality of new development (+6%), how well the city is managing growth and development (+6%), and quality of services provided by the City (+5%). There were no **decreases in satisfaction in any of the perception items** from 2018.*

- **Parks and Recreation.** Sixty-four percent (64%) of residents surveyed, *who had an opinion*, were satisfied (rating of 4 or 5 on a 5-point scale) with the appearance and maintenance of existing city parks. Residents were least satisfied with the number of City parks (49%).

There were **two notable increases** in positive ratings for parks and recreation services from 2018: appearance and maintenance of existing city parks (+6%) and quality of facilities (+5%). There were **no decreases in satisfaction** in any of the parks and recreation services from 2018.

- **Public Safety.** Eighty-four percent (84%) of residents surveyed, who had an opinion, were satisfied (rating of 4 or 5 on a 5-point scale) with the quality of local fire protection and rescue services; 82% were satisfied with how quickly fire and rescue personnel respond, 80% were satisfied with the quality of local ambulance service, and 78% were satisfied with how quickly ambulance personnel respond. Residents were least satisfied with parking enforcement services (54%).

There were **eight notable increases** in positive ratings for public safety services from 2018: the city's overall efforts to prevent crime (+11%), quality of local fire protection and rescue services (+9%), quality of local ambulance service (+9%), how quickly fire and rescue personnel respond (+7%), quality of animal control (+7%), how quickly ambulance personnel respond (+6%), the visibility of police in the community (+5%), and how quickly police respond to emergencies (+4%). There were **no decreases in satisfaction in any of the public safety services** from 2018.

- **Communication.** Forty-four percent (44%) of residents surveyed, who had an opinion, were satisfied (rating of 4 or 5 on a 5-point scale) with the availability of information about city programs/services; 44% were satisfied with the overall quality of the city's website, and 43% were satisfied with the City's efforts to keep residents informed about local issues. Residents were least satisfied with the level of public involvement in local decision making (28%).

There were **two notable increases** in positive ratings from 2018: timeliness of information provided by the city (+7%) and overall quality of the city's website (+4%). There were **no notable decreases** in satisfaction in any of the communication services from 2018.

- **Streets.** Sixty-two percent (62%) of residents surveyed, who had an opinion, were satisfied (rating of 4 or 5 on a 5-point scale) with mowing and trimming along streets and other public areas, and 62% were satisfied with the adequacy of City street lighting. Residents were least satisfied with maintenance of neighborhood streets (46%).

There were **four notable increases** in positive ratings from 2018: maintenance of major city streets (+12%), condition of sidewalks in the city (+9%), mowing and trimming along streets and other public areas (+5%), and adequacy of city street lighting (+5%). There were **no decreases in satisfaction** in any of the street maintenance services from 2018.

- **Code Enforcement.** Forty-one percent (41%) of residents surveyed, *who had an opinion*, were satisfied (rating of 4 or 5 on a 5-point scale) with the enforcement of codes designed to protect public safety and health. Residents were least satisfied with the enforcement of the cleanup of litter and debris on private property (32%).

*There were **two notable increases in positive ratings from 2018: enforcement of the cleanup of litter and debris on private property (+8%) and enforcement of mowing and trimming of grass and weeds on private property (+5%). There were no decreases in satisfaction in any of the code enforcement services from 2018.***

- **Customer Service.** Thirty-six percent (36%) of residents surveyed indicated they had contacted the City with a question, problem, or complaint during the past year. Of those, 77% felt it was “very easy” or “somewhat easy” to contact the person they needed to reach. With regard to various behaviors exhibited by City employees, 87% of residents surveyed, *who had an opinion*, indicated that employees were “always” or “usually” courteous and polite, and 73% said the employees “always” or “usually” gave prompt, accurate, and complete answers to questions.

All of the customer service characteristics showed decreases from 2018. Two of these decreases were notable: employees gave prompt, accurate, and complete answers to questions (-9%), and employees helped resolve an issue to your satisfaction (-9%).

Other Findings

- 58% of residents surveyed prefer to receive news and information about City programs, services, and events from a newsletter or other insert inside their utility bill envelope, and 52% get news and information from the City email update service.
- When asked about the City’s current pace of development, 58% of residents surveyed, *who had an opinion*, indicated that retail development was too slow, while 52% felt the pace of multi-family residential development was too fast.
- When asked about their expectations for various services, 79% of residents surveyed, *who had an opinion*, indicated that the level of service for the maintenance of infrastructure should be higher. With regard to fire, EMS and ambulance services, 59% believe the level of service provided by the City should stay the same.

Long-Term Trends

The notable increases and decreases among all of the items assessed from 2014 and 2020 are listed below and on the following page. Changes of 4% or more are considered notable.

Notable Long-Term Increases

- Availability of job opportunities (+16%)
- Effectiveness of communication with the public (+14%)
- Overall quality of life in the city (+12%)
- Overall image of the city (+12%)
- Value received for city tax dollars and fees (+12%)
- Timeliness of information provided by the city (+12%)
- City e-mail information update service (+12%)
- Quality of animal control (+11%)
- Enforcing mowing/trimming of grass/weeds (+11%)
- Effectiveness of economic development efforts (+10%)
- Efforts to keep you informed about local issues (+9%)
- Enforcement of city codes and ordinances (+8%)
- Availability of info about city programs/services (+8%)
- Overall quality of the city's website (+8%)
- Enforcing cleanup of litter/debris (+8%)
- Quality of customer service from city employees (+7%)
- Quality of city sewer services (+7%)
- Quality of services provided by the City (+7%)
- Level of public involvement in decision making (+7%)
- Effectiveness of management of storm water runoff (+6%)
- Overall feeling of safety in the city (+6%)
- How well the city is managing growth & development (+6%)
- Quality of local ambulance service (+6%)
- How quickly police respond to emergencies (+6%)
- The city's overall efforts to prevent crime (+6%)
- Enforcing sign regulation (+6%)
- Quality of police services (+5%)
- Enforcing codes designed to protect public safety (+5%)
- Quality of city water utilities (+4%)
- How quickly fire and rescue personnel respond (+4%)
- Mowing & trimming along streets/other public areas (+4%)

Notable Long-Term Decreases

- Employees gave prompt, accurate, and complete answers to questions (-8%)
- Maintenance of neighborhood streets (-5%)
- Maintenance of major city streets (-5%)
- Enforcement of local traffic laws (-4%)
- Quality of outdoor athletic fields (-4%)
- Maintenance of city streets (under “Major Categories of Service”) (-4%)

Opportunities for Improvement

In order to help the City identify opportunities for improvement, ETC Institute conducted an Importance-Satisfaction (I-S) Priorities Analysis. This analysis examined the importance that residents placed on each City service and the level of satisfaction with each service. By identifying services of high importance and low satisfaction, the analysis identified which services will have the most impact on overall satisfaction with City services over the next two years. If the City wants to improve its overall satisfaction rating, the City should prioritize improvements in services with the highest Importance-Satisfaction (I-S) ratings. Details regarding the methodology for the analysis are provided in Section 4 of this report.

Based on the results of the Importance-Satisfaction (I-S) Priorities Analysis, ETC Institute recommends the following:

- **Overall Priorities for the City by Major Category.** The first level of analysis reviewed the importance of and satisfaction with major categories of City services. This analysis was conducted to help set the overall priorities for the City. Based on the results of this analysis, the major services that are recommended as the top two opportunities for improvement over the next two years in order to raise the City’s overall satisfaction rating are listed below in descending order of the Importance-Satisfaction rating:
 - Maintenance of City streets
 - Effectiveness of economic development efforts

Priorities within Departments/Specific Areas. The second level of analysis reviewed the importance of and satisfaction of services within departments and specific service areas. This analysis was conducted to help departmental managers set priorities for their department. Based on the results of this analysis, the services that are recommended as the top priorities within each department over the next two years are listed on the following page:

- **Parks:** appearance and maintenance of existing city parks
- **Public Safety:** the City's overall efforts to prevent crime
- **Communication:** efforts to inform about local issues and level of public involvement in local decision making
- **Streets:** maintenance of major City streets and maintenance of neighborhood streets
- **Code Enforcement:** enforcing the cleanup of litter and debris on private property, enforcing codes designed to protect public safety and health, and enforcing the mowing and trimming of grass and weeds on private property

Benchmarking Analysis

Benchmarking Summary Report

2020 Community Survey

Overview

ETC Institute's *DirectionFinder* program was originally developed in 1999 to help community leaders across the United States use statistically valid community survey data as a tool for making better decisions. Since November of 1999, the survey has been administered in more than 230 cities in 43 states. Most participating cities conduct the survey on an annual or biennial basis.

This report contains benchmarking data from two sources: (1) a national survey that was administered by ETC Institute during the summer of 2019 to a random sample of more than 4,000 residents in the continental United States and (2) a regional survey administered by ETC Institute during the summer of 2019 to 322 residents living in communities in the Northwest Region of the United States (Washington and Oregon).

Interpreting the Charts

The charts on the following pages show how the overall results for Washougal compare to the National average based on the results of an annual survey that was administered by ETC Institute to a random sample of more than 4,000 U.S. residents and the regional survey administered to 322 residents living in the Northwest Region of the United States during the summer of 2019. The City of Washougal's results are shown in blue, the Northwest region's results are shown in red, and the National Averages are shown in yellow in the charts on the following pages.

National Benchmarks

Note: The benchmarking data contained in this report is protected intellectual property. Any reproduction of the benchmarking information in this report by persons or organizations not directly affiliated with the City of Washougal is not authorized without written consent from ETC Institute.

Section 3

Importance-Satisfaction Analysis

Importance-Satisfaction Analysis

The City of Washougal, WA

Overview

Today, city officials have limited resources which need to be targeted to activities that are of the most benefit to their citizens. Two of the most important criteria for decision making are (1) to target resources toward services of the highest importance to citizens; and (2) to target resources toward those services where citizens are the least satisfied.

The Importance-Satisfaction (IS) rating is a unique tool that allows public officials to better understand both of these highly important decision making criteria for each of the services they are providing. The Importance-Satisfaction rating is based on the concept that cities will maximize overall citizen satisfaction by emphasizing improvements in those service categories where the level of satisfaction is relatively low and the perceived importance of the service is relatively high.

Methodology

The rating is calculated by summing the percentage of responses for items selected as the first, second, and third most important services for the City to emphasize over the next two years. This sum is then multiplied by 1 minus the percentage of respondents that indicated they were positively satisfied with the City's performance in the related area (the sum of the ratings of 4 and 5 on a 5-point scale excluding "don't know" responses). "Don't know" responses are excluded from the calculation to ensure that the satisfaction ratings among service categories are comparable. $[IS = \text{Importance} \times (1 - \text{Satisfaction})]$.

Example of the Calculation. Respondents were asked to identify the major services they thought were the most important for the City to provide. Approximately fifty-three percent (52.5%) of residents selected "maintenance of City streets" as the most important major service to provide.

With regard to satisfaction, 41% of the residents surveyed rated their overall satisfaction with “maintenance of City streets” as a “4” or a “5” on a 5-point scale (where “5” means “very satisfied”). The I-S rating for “maintenance of City streets” was calculated by multiplying the sum of the most important percentages by 1 minus the sum of the satisfaction percentages. In this example, 52.5% was multiplied by 59% (1-0.41). This calculation yielded an I-S rating of 0.3098, which ranked first out of eleven major City services.

The maximum rating is 1.00 and would be achieved when 100% of the respondents select an item as one of their top three choices to emphasize over the next two years and 0% indicate that they are positively satisfied with the delivery of the service.

The lowest rating is 0.00 and could be achieved under either one of the following two situations:

- if 100% of the respondents were positively satisfied with the delivery of the service
- if none (0%) of the respondents selected the service as one of the three most important areas for the City to emphasize over the next two years.

Interpreting the Ratings

Ratings that are greater than or equal to 0.20 identify areas that should receive significantly more emphasis over the next two years. Ratings from .10 to .20 identify service areas that should receive increased emphasis. Ratings less than .10 should continue to receive the current level of emphasis.

- Definitely Increase Emphasis (IS > 0.20)
- Increase Current Emphasis (IS = 0.10 - 0.20)
- Maintain Current Emphasis (IS < 0.10)

The results for Washougal are provided on the following pages.

Importance-Satisfaction Rating

City of Washougal

OVERALL

Category of Service	Most Important %	Most Important Rank	Satisfaction %	Satisfaction Rank	Importance-Satisfaction Rating	I-S Rating Rank
<u>Very High Priority (IS >.20)</u>

Note: The I-S Rating is calculated by multiplying the "Most Important" % by (1-'Satisfaction' %)

Most Important %:

The "Most Important" percentage represents the sum of the first and second most important responses for each item. Respondents were asked to identify the items they thought were most important for the City to provide.

Satisfaction %:

The "Satisfaction" percentage represents the sum of the ratings "4" and "5" excluding 'don't knows.' Respondents ranked their level of satisfaction with the each of the items on a scale of 1 to 5 with "5" being very satisfied and "1" being very dissatisfied.

Importance-Satisfaction Matrix Analysis

The Importance-Satisfaction rating is based on the concept that public agencies will maximize overall customer satisfaction by emphasizing improvements in those areas where the level of satisfaction is relatively low and the perceived importance of the service is relatively high. ETC Institute developed an Importance-Satisfaction Matrix to display the perceived importance of major services that were assessed on the survey against the perceived quality of service delivery. The two axes on the matrix represent Satisfaction (vertical) and relative Importance (horizontal).

The I-S (Importance-Satisfaction) matrix should be interpreted as follows.

- **Continued Emphasis (above average importance and above average satisfaction).** This area shows where the City is meeting customer expectations. Items in this area have a significant impact on the customer's overall level of satisfaction. The City should maintain (or slightly increase) emphasis on items in this area.
- **Exceeding Expectations (below average importance and above average satisfaction).** This area shows where the City is performing significantly better than customers expect the City to perform. Items in this area do not significantly affect the overall level of satisfaction that residents have with City services. The City should maintain (or slightly decrease) emphasis on items in this area.
- **Opportunities for Improvement (above average importance and below average satisfaction).** This area shows where the City is not performing as well as residents expect the City to perform. This area has a significant impact on customer satisfaction, and the City should DEFINITELY increase emphasis on items in this area.
- **Less Important (below average importance and below average satisfaction).** This area shows where the City is not performing well relative to the City's performance in other areas; however, this area is generally considered to be less important to residents. This area does not significantly affect overall satisfaction with City services because the items are less important to residents. The agency should maintain current levels of emphasis on items in this area.

Matrices showing the results for Washougal are provided on the following pages.

Q20. Would you be willing to pay more in taxes or fees to support an increase in service level	Number	Percent
Yes, I would be willing to pay more in taxes or fees	168	38.4 %
No, I would not be willing to pay more in taxes or fees	230	52.5 %
Not applicable-I do not think any levels of service need to be higher	40	9.1 %
Total	438	100.0 %

Q21. The Cities of Camas and Washougal recently commissioned a Fire Master Plan which identifies that the cities should consider adding 8-12 new firefighter positions to enhance staffing at the three existing fire stations. Two new stations with staffing will be needed to cover anticipated growth in the next 20 years. The current levy lid lift (which goes toward funding Fire and EMS) is \$0.10 per \$1,000 of assessed valuation, and it will expire later this year. Knowing this, please select the maximum amount of property tax you would be willing to support to fund firefighters.

Q21. Maximum amount of property tax you would be willing to support to fund firefighters	Number	Percent
Nothing	82	15.9 %
\$0.10 per \$1,000 assessed value levy lid lift renewal supporting no new firefighters (\$40 annual cost to \$400K home)	98	19.0 %
\$0.15 per \$1,000 assessed value for 2 new firefighters (\$60 annual cost to \$400K home)	71	13.7 %
\$0.20 per \$1,000 assessed value for 4 new firefighters (\$80 annual cost to \$400K home)	78	15.1 %
\$0.25 per \$1,000 assessed value for 6 new firefighters (\$100 annual cost to \$400K home)	43	8.3 %
\$0.275 per \$1,000 assessed value for 8 new firefighters (\$110 annual cost to \$400K home)	70	13.5 %
Don't know	75	14.5 %

Q22. In prior surveys, Washougal citizens have indicated that a community recreation center and/or swimming pool is a highly desired community amenity. A facility could include a gymnasium, recreational pool, running track, exercise facilities, locker rooms, and/or community spaces. The construction of such a facility will require a property tax funded bond. Operating such a facility will likely require some level of subsidy beyond what user fees can cover. Knowing this, please select the maximum amount of property tax you would be willing to support to fund the construction and operation of a new community recreation center.

Dear Washougal Resident,

Your input on the enclosed survey is extremely important. The City of Washougal is conducting a survey of residents to gather information about city priorities and the quality of city programs and services. The survey, conducted every two years, is part of our ongoing strategic planning process, which is designed to provide residents with the best services possible, and to assist us in making important decisions over the next several months. To assist us in aligning the city's priorities with the needs of our residents, *we need to know what you think.*

We appreciate your time. We realize this survey takes some time to complete, but every question is important. The time you invest in this survey will influence decisions we must make regarding the future of our city.

Please take a few minutes to complete and return this survey in the next few days. A postage-paid return envelope, addressed to ETC Institute, has been provided for your convenience. You may also complete the survey on-line by going to www.WashougalSurvey.com.

We have again selected ETC Institute as our partner for this project because of its outstanding record of performance in working with communities nationwide. ETC will compile the results and present a report to the city in late-May. The report will be a valuable resource as we work to provide you with the most responsive government possible. Look for a summary of the survey results on the city's website, www.cityofwashougal.us.

If you have any questions, please call Rose Jewell, Assistant to the City Manager, at (360) 835-8501 ext. 602. Thank you for your participation in this important process.

Sincerely,

Molly Coston
Mayor

2020 City of Washougal Community Survey

Please take a few minutes to complete this survey. Your input is an important part of the city's on-going effort to identify and respond to citizen concerns. If you have questions, please call Rose Jewell, Assistant to the City Manager, at 360-835-8501.

1. Major categories of services provided by the City of Washougal are listed below. Please rate each item using a scale of 1 to 5, where 5 means "Very Satisfied" and 1 means "Very Dissatisfied".

3. Enforcing codes designed to protect public safety and health	5	4	3	2	1	9
4. Enforcing sign regulation	5	4	3	2	1	9

17. Which TWO of the code enforcement items listed in Question 16 do you think should receive the MOST EMPHASIS from city leaders over the next TWO years? [Write in your answers below using the numbers from the list in Question 16.]

1st: _____ 2nd: _____

18. Have you called, e-mailed, or visited the city with a question, problem, or complaint during the past year?

____(1) Yes [Answer Q18a-c.] ____ (2) No [Skip to Q19.] ____ (9) Don't Know [Skip to Q19.]

- 18a. How easy was it to contact the person you needed to reach?

____ (1) Very easy ____ (2) Somewhat easy ____ (3) Difficult ____ (4) Very difficult ____ (9) Don't know

- 18b. What department did you contact? [Check all that apply.]

____ (1) Police
 ____ (2) Fire
 ____ (3) Community Development
 ____ (4) Parks
 ____ (5) Community Room reservations
 ____ (6) Event permits
 ____ (7) Utility Billing
 ____ (8) Municipal Services (streets/water/sewer)
 ____ (9) Other: _____

- 18c. Several factors that may influence your perception of the quality of customer service you receive from city employees are listed below. For each item, please rate how often the employees you have contacted during the past year have displayed the behavior described using a scale of 1 to 5, where 5 means "Always" and 1 means "Never".

Frequency that...	Always	Usually	Sometimes	Seldom	Never	Don't Know
1. They were courteous and polite	5	4	3	2	1	9
2. They gave prompt, accurate, and complete answers to questions	5	4	3	2	1	9
3. They did what they said they would do in a timely manner	5	4	3	2	1	9
4. They helped you resolve an issue to your satisfaction	5	4	3	2	1	9

19. Expectations for Services. Using a scale of 1 to 5, where 5 means the level of service provided by the city "Should be Much Higher" than it is now and 1 means it "Should be Much Lower", please indicate how the level of service provided by the City should change in each of the areas listed below.

	Should Be Much Higher	Should Be a Little Higher	Should Stay the Same	Should Be a Little Lower	Should Be Much Lower	Don't Know
1. Law enforcement	5	4	3	2	1	9
2. Fire, EMS and ambulance	5	4	3	2	1	9
3. Parks and open space	5	4	3	2	1	9
4. Recreation facilities	5	4	3	2	1	9
5. Maintenance of Infrastructure (streets, sidewalks)	5	4	3	2	1	9

20. Would you be willing to pay more in taxes or fees to support an increase in the service level?

- ☐ (1) Yes, I would be willing to pay more in taxes or fees
- ☐ (2) No, I would not be willing to pay more in taxes or fees
- ☐ (3) Not applicable - I do not think any levels of service need to be higher
- ☐ (9) Don't know

21. The Cities of Camas and Washougal recently commissioned a Fire Master Plan which identifies that the cities should consider adding 8-12 new firefighter positions to enhance staffing at the three existing fire stations. Two new stations with staffing will be needed to cover anticipated growth in the next 20 years. The current levy lid lift is \$0.10 per \$1,000 of assessed valuation, and it will expire later this year. Knowing this, please select the maximum amount of property tax you would be willing to support to fund firefighters.

- ☐ (1) Nothing
- ☐ (2) \$0.10 per \$1,000 assessed value levy lid lift renewal supporting no new firefighters (\$40 annual cost to \$400K home)
- ☐ (3) \$0.15 per \$1,000 assessed value for 2 new firefighters (\$60 annual cost to \$400K home)
- ☐ (4) \$0.20 per \$1,000 assessed value for 4 new firefighters (\$80 annual cost to \$400K home)
- ☐ (5) \$0.25 per \$1,000 assessed value for 6 new firefighters (\$100 annual cost to \$400K home)
- ☐ (6) \$0.275 per \$1,000 assessed value for 8 new firefighters (\$110 annual cost to \$400K home)
- ☐ (9) Don't know

22. In prior surveys, Washougal citizens have indicated that a community recreation center and/or swimming pool is a highly desired community amenity. A facility could include a gymnasium, recreational pool, running track, exercise facilities, locker rooms, and/or community spaces. The construction of such a facility will require a property tax funded bond. Operating such a facility will likely require some level of subsidy beyond what user fees can cover. Knowing this, please select the maximum amount of property tax you would be willing to support to fund the construction and operation of a new community recreation center.

- ☐ (1) Nothing
- ☐ (2) \$0.25 per \$1,000 assessed value (\$100 annual cost to \$400K home)
- ☐ (3) \$0.50 per \$1,000 assessed value (\$200 annual cost to \$400K home)
- ☐ (4) \$0.75 per \$1,000 assessed value (\$300 annual cost to \$400K home)
- ☐ (5) \$1.00 per \$1,000 assessed value (\$400 annual cost to \$400K home)
- ☐ (9) Don't know

23. Washington voters recently approved I-976 limiting vehicle license tab fees. The measure is currently being challenged in the court system. Washougal will lose approximately \$262,000 of pavement management (street repairs, maintenance and repaving) funding if the measure is implemented. Which of the following solutions to this funding shortfall do you support? [Check all that apply.]

- ☐ (1) Repeal the \$20-tab fee and reduce the level of pavement management
- ☐ (2) Place a replacement \$20-tab fee for pavement management on the ballot
- ☐ (3) Place a 0.1% or 0.2% sales tax for pavement management on the ballot
- ☐ (4) None of these
- ☐ (9) Don't know

24. Which TWO of the following community amenities are the most important to develop in Washougal? [Write in your answers using the numbers from the list below, or circle "None".]

- | | |
|---|------------------------------|
| 1. More retail shopping and service options | 4. Conference/meeting center |
| 2. More restaurants | 5. Movie theater |
| 3. Performing Arts and Cultural Center | 6. Other : _____ |

1st: _____ 2nd: _____ NONE

25. Approximately how many years have you lived in Washougal? _____ years
26. What is your age? _____ years
27. How many children under age 18 live in your household? _____ children
28. What is your gender? _____(1) Male _____(2) Female
29. Would you say your total annual household income is...
- | | | |
|------------------------------|------------------------------|--------------------------------|
| ____(1) Under \$25,000 | ____(3) \$50,000 to \$74,999 | ____(5) \$100,000 to \$124,999 |
| ____(2) \$25,000 to \$49,999 | ____(4) \$75,000 to \$99,999 | ____(6) \$125,000 or more |
30. If you have suggestions for improving the quality of city programs, facilities, or services, please write your suggestions in the space below.

This concludes the survey. Thank you for your time!
Please return your completed survey in the enclosed postage-paid envelope addressed to:
ETC Institute, 725 W. Frontier Circle, Olathe, KS 66061

Your responses will remain completely confidential.
The information printed to the right will ONLY be used to help identify which areas of the city are having difficulties with city services. If your address is not correct, please provide the correct information. Thank you.

City of Washougal Community Survey

Open-Ended Responses

...helping organizations make better decisions since 1982

2020

Submitted to the City of Washougal, WA

by:

ETC Institute
725 W. Frontier Lane,
Olathe, Kansas
66061

May 2020

Q6-12. Other

- A place for teenagers.
- Baseball and basketball parks.
- Baseball fields.
- Basketball court.
- Bathrooms.
- Central park.
- Concert park/waterfront.
- Disc Golf course. In light of "social distancing" it is possible to play disc golf and maintain social distancing.
- Do a better job with maintaining what is already built.
- Dog park.
- Fishing access.
- Free community gardens.
- Frisbee golf.
- Library.
- Motocross trails.
- Natural areas.
- Not enough public restrooms. And the ones we do have are closed 4 months a year. Not acceptable. And if one does get vandalized, fix it immediately.
- Park with river/beach access.
- Pickleball areas.
- Public restrooms.
- Resources for seniors.
- Restrooms instead of port-a-potty.
- Restrooms at Schmidt ball field.
- Safety corridor on 32nd.
- Senior exercise.
- Sports field.
- Tennis courts.
- Urinals year round.
- Vandalism to signs.

Q30. If you have suggestions for improving the quality of city programs, facilities, or services, please enter your suggestions in the space below.

- 1st and foremost better policing in well known drug areas. Police are not doing enough to combat this situation drugs and the people doing drugs are taking over our town; just going to the grocery store is becoming very scary for us seniors.
- 311 is spotty or unsupported on cell phones and VoIP. I would like to be able to text an issue to the 311 center and trust the issue will be handled.
- A dog park is greatly needed. Everywhere you look citizens are walking their dogs. There are available spaces the effect just needs to be put in by the city. I would be willing to increase my taxes as well as pay an annual fee to use a dog park.
- A sidewalk is needed on 39th St between Evergreen Hwy and J street. Safety of our community is at risk as there is no line of sight when crossing or walking up and over the hill. Many people drive over the speed limit and are distracted. Please consider this improvement for the safety of our pedestrians walking to and from school.
- A street and Main should be converted to one way through downtown with angled parking on Main. The way parking is on Main is currently a safety issue, too many blind corners.
- Add sidewalks, dog park would be nice. Street maintenance.
- Adding bike lanes has had a major impact on traffic. There is very little bike usage of the added lanes which doesn't come close to justifying the impacts to vehicle traffic. This isn't Portland.
- Address the homeless situation in an organized, productive, and compassionate progressive manner. It needs to be a priority and not swept under the rug.
- Another grocery store. Keep the old town feel roots, less development more improvement in what we already have.
- Ban fireworks please. No way to enforce current law, more speed enforcement/tickets.
- Barking dog complaints resolved. Enforce leash laws, especially at parks and on trails. Water and sewer rate reduction. Open more retail and restaurants.
- Being on a fixed income I think that the water/sewer rates should be lowered.
- Best thing would be a bridge or implementation of a ferry.
- Better job on road work and so you can drive on them.
- Better maintenance of sports fields. More sidewalks and less building.
- Build more trails.
- Building inspectors need to be upfront about expectations when applying for permits. Would love to have a dog park. Please enclose envelopes with the water bill.
- City council should reconsider ordinances for building homes and new subdivisions. The boards that hear citizens' input on new subdivisions point the finger at city council for regulations that allow subdivisions to be built without consideration of sidewalks, traffic impact, road development, and its impact on the community.
- City does not appear to be encouraging the use of bicycles and electric bicycles. This could be a good city for cyclists, flat and mildly hilly. There is no bike shop here, no bike lane dividers, no through route to Comas/Vancouver or the Gorge. Cyclists could bring lots more business to this town, they work up an appetite and drink a lot of beer.
- City needs more parking/code enforcement officers.
- City needs to work with business trying to open here, no more bars or fitness centers, need retail that is affordable.

- City promised to place the main sewer lines down all the streets of incorporated Washougal over 20 years ago, this never happened, and it is cost prohibitive for individuals to pay that cost of the main line plus the individual hook up per house. The city needs to prioritize better basic sewer before more parks and dog runs.
- Clean up condemned buildings, beautification projects.
- Clear out the blackberries on city property in our neighborhood.
- Code enforcement enforce the ban on aerial fireworks, even after police officers came to our neighbor's house where the ban was being violated. The residents continued sending blasts up into the air until they had exhausted their supply for hours. Fireworks debris littered my lawn and road and my pets were traumatized. No warnings this 4th, fines, and confiscation if necessary.
- Code enforcement Shari is great. The house on 26th and E by the school needs massive attention by police and code enforcement.
- Completely enraged with my water bill going from \$98 for water/sewer/garbage to \$200 for water/sewer and \$54 for garbage. I live alone, work 12-hour shifts, hardly home. This is outrageous. I feel like the city of Washougal is stealing from me. I have called animal control several times about a barking dog that barks all night when I have to go to work at the hospital and take care of people with no sleep. They act annoyed when I call. This has been going on for 11 years.
- Continue to maintain city facilities and keep our town family friendly!
- Control or drop water/sewer prices. I think we are getting over charged on this service.
- Create an off-leash dog park. Police to enforce speed limits before someone dies. Create a rec center, no pool, with youth activities.
- Customer service training for city employees.
- Disc golf course.
- Do not add any more bike stuff to Hamilton Park. We did not want it. Add a basketball court. Open the garden back up. Best it be a community park not just for the bikers who drive over to use it.
- Do not develop the park at the end of Gifford Place.
- Dock for cruise ships to dock. RV camping.
- Downtown Washougal looks very nice, but many of the strip mall areas are not nice at all. I'd like to see a higher standard for businesses along the main streets, so the town feels nicer. I'd also like to see more hiking and biking trails for recreation and to connect each other. Lastly, I think Washougal needs some destination retail that will draw people in. Movie theaters, unique retail, pools, concerts, etc. Something unique enough to draw people to come out.
- During the Quail Run development on Q St, please widen the road and put in curb gutter and sidewalk all the way to 3700 St. That road (Q St) is very narrow and dangerous currently. Thank you.
- Enforce dog waste cleanup and off leash dogs at parks. Community litter pick up along the river, car noise enforcement in neighborhood, more green space, and parks around any new development. Bird friendly windows on new buildings and waterfront windows are the number 2 cause of death in birds after roaming cats. Put nature and access to green space for all as priority. More playgrounds for kids, 20 mph and more speed bumps in areas where lots of kids playing, air quality, water quality/pollution as priority. Skate park looks sketchy, too many trucks/RV/vans parked there doesn't look/feel safe.
- Enforce your leash law. I have never seen a place that ignores laws like this city. Either enforce all your laws or don't make them. If you were a business, you would be served for ignoring some and not others of the laws. Maybe fire some people who know how to run an efficient business to run this city instead of politicians.
- Everyone is doing a great job, but the low-income families cannot afford more taxes. We cannot even afford to move out of these two-bedroom apartments to get a real house to raise our kids in.

- Fabric signs should be limited to temporary use only.
- Fill the offices and buildings before building more to sit there empty.
- Fill the retail space we have before building more or allowing more to be built which may mean making it easier for new business to open. Please keep green space in city limits.
- Fix our roads and get rid of pot shop.
- Fix police phone system, very hard to get to a real person.
- Fix residential streets. So many are like riding bumper cars. Needs some speed bumps as well. I live off 14th St and people fly on this street and often in the wrong direction.
- Focus on a large recreational facility. Help keep revenue here. Increase sidewalks in neighborhoods with busy residential streets.
- Get rid of the speed bumps on J Street. We will not support any city funding until you do because you obviously got more money than you know what to do with and your communication is crap. My son wrote to the city about the street issue as part of a class assignment and never received a reply. That is pathetic, we will vote against every incumbent in the city govt until you address this. This is a decent city in spite of you not because of you.
- Get the street department help and make them work. "Stronger leadership".
- Heimlich and Hathaway community gardens were closed with the promise they would be replaced, we have heard nothing so far. If the parks do not want to support, then they should say so.
- Hire more police officers. Fill/fix major roads.
- I am willing to support fire services. Other community enhancements would depend on the proposal. I am in favor of residential and commercial development, but I feel that roads and services are not being developed to accommodate this type of growth. As far as 1-976, I feel it was an ill-conceived resolution with no thought about improvements and ongoing maintenance. A lot of development is going on and we need to talk and work for a solution for increased traffic on crown road. Developers need to pay for infrastructure. More restaurants needed, not the \$12 for one sandwich deli. Street lighting should be directed downward. There is too much light pollution.
- I have a suggestion for the need of an enclosed (off-leash) dog park.
- I live down Evergreen way, please repair the road!
- I love the idea for a community center. Would like to see local indoor options for Washougal: gym for basketball; indoor option for pickleball courts; community education classes; activities for youth; and maybe even a small restaurant within the center.
- I support the \$20 tab fee for pavement improvement, but we have had that in place for a few years now, and I don't see any improvements. The roads and sidewalks around here are abysmal. There is an ever-increasing amount of graffiti visible as well.
- I think city is understaffed. In the summer "the gateway to the CRG" smells like crap. Sewer treatment plant should have a metal roof like Vancouver to help reduce the smell.
- I think the public restrooms should be open year-round. Address the problems or human issues that make you close them.
- I would like to see maintenance performed on existing city streets. 32nd Street is in need of repaving in between E St/Evergreen Way and L St. Evergreen Way is in need of repaving in between 32nd St and SE Sunset View Rd, mainly west of the new left turn lane at George Schmid Park. This section of road has needed repaving for years. The addition of the left turn lane at George Schmid fixed some of it, but it's still needed.

Additionally, there are many residential areas without sidewalks, such as J St in between 32nd St and 34th Street. This is a safety issue as well as a livability issue. This street leads directly to the high school as well as Gause Elementary, and many people could walk if there were sidewalks.

Also, many people use the side streets to bypass main thoroughfares, particularly the intersection at 32nd St and E St/Evergreen Way, which results in unnecessary extra traffic and speeding in these residential areas. I would like to see some traffic enforcement on these side streets, either through active (police presence) or passive (e.g. speed bumps) means.

Speeding in general is a problem throughout the city, especially north and south on both 32nd and 39th Streets. Again, enforcement in these areas either through active (police) or passive (speed bumps) presences would be appreciated. We don't let our kids anywhere near these streets due to the danger.

- I would like to see retail marijuana store. Why drive to Vancouver, think about all that tax money the city would get.
- I would love to see more advanced equipment at playground equipment and more outdoor covered basketball options.
- Improve road access for bicycles by adding bike lanes/paths.
- In light of the parade of homes coming, let's get a committee to clean up the town. Other communities have clean up weeks where all trash is picked up for free from the curbside. City pays waste connections. This would get rid of old stuff stacked against houses.
- In short, continue to make Washougal a place to be proud of. It would be nice to create/enlarge a center to Washougal. We have the upgraded downtown area on Main St., which was a big improvement, welcomed. The new floating pier at the Steamboat Landing is beautiful - great job and the park are, as is the new underpass from Pendleton Way to dike walk and the native American structures/art at William Clark Park. I'd like to ensure that any new facilities/improvement is given proper traffic planning, sufficient parking, etc. with allowances for growth over time (overprepare - this is often overlooked in other communities to reduce short term costs). If not properly planned for the long term, including maintenance, simply delay the improvement.
- Incent your employees to provide better service. Department head interested only in following the rules, not helping citizens solve their problems. Lack of respect and assistance to HOAs.
- Increase the capacity of streets to handle the traffic. Playgrounds for high density areas with children, like apartments and attached single family homes.
- Indoor pool is a great idea if 50 m can host regional meets and competition and help promote Washougal. How about street lighting on busy Shepherd Rd corridor?
- Isn't there an empty fire station on the corner of Evergreen and 39th, question 21 mentions 2 new fire stations, kind of silly when we have one that is not in use.
- It would be great if there were some plans to mitigate the congestion caused by rail traffic.
- Keep campers out of skate park area. Police need to deal with the homeless/drifters in the city. I moved to here to get away from this, it seems to have followed me. Stop providing services and they will move on.
- Keep doing, improve as you go and stay in budget! Keep employees working, not loafing!
- Keep homeless from camping on streets like Portland. We do a good job now but want to make sure we stay that way.
- Keep the direct election of the mayor.
- Keep up the good work!! Well designed with an even level of growth; quality verses just another something.
- Litter prevention-add more signs with fines for those that litter. Enforce them.
- Love the small-town atmosphere. Ticket the Californians that visit our town.
- Lower sewer and water rates. Why after over 15-20 years of a rate increase to build new sewer for a 5-year term, the rates continue to be insanely high!
- Lower the water bill.

2020 City of Washougal Community Survey: Open-Ended Responses

- Maintain bathroom facilities in parks. Promote community theater and music. Continue library partnership. Develop a plan and affordable housing for homeless.
- Make parking garage downtown, parking is crazy.
- More advertising for volunteer opportunities. Centralize community information, not just online, we don't all live on the internet.
- More businesses to justify slowing traffic down at the roundabouts. No one is going to stop and visit just for a Jack in the Box. Facilitate better communication between social media and road work crews. The city's posts about closed roads are often incorrect.
- More courts for baseball/tennis, etc. More summer activities.
- More frequent street sweeping along with a more proactive surface street maintenance program.
- More natural open spaces.
- More support for schools, like signs for WHS on major intersections like Camas does.
- More things to do when the motorcycle people come to town. Would be nice to spruce up the city when they come.
- Mostly very frustrated w/the water bill every month. We pay all of our house bills and combined they are a little less than water bill, very frustrating.
- Need a sidewalk that goes all the way up 32nd Street. Would like more trails. Connect Captain William Clark Park trail to existing trails in Vancouver and George. Open the remaining section of the Clark Park trail at the far east end. We need to follow Camas LaCamas Park.
- Need easy and effective way to handle noise complaints, dogs, music, etc. of neighbors. Desperate need of improved road access in and out of Wash/Camas. Too many people, not enough infrastructure.
- Need more code enforcement people and a quicker response to code problems.
- Need more sidewalks near high school, wider roadways, more police.
- Need more street sweeper activity in my area.
- Need more tax dollars. Camas has the Georgia Pacific Mill, what do we have? Bring in more big business. All these track houses going up. Where are the people going to work, not Washougal? Hwy 14 is going to need more lanes.
- Need sidewalks on J Street.
- Need speed enforcement.
- Need to find ways to attract more businesses such as restaurants, not chains but fresh food. Also we need have on emphasis on fire services as our community has grown in the 3 years I have lived here.
- Need warning lights at the crosswalks on 32nd and Addy and B St, it is dangerous. A turning lane reinstated on 32nd and B. Speed enforcement. Bus service options for elderly.
- New housing developments need to have adequate parking on property and streets.
- No more sidewalks, no more roundabouts.
- On street parking in neighborhoods is out of control. Its unsafe and makes living in Washougal neighborhoods undesirable.
- Open a dog park in one of your many rarely used open spaces. Spend our tax dollars more wisely, and lower water and sewer rates. More restaurants.
- Other shopping options like a Fred Meyer or Trader Joes. A ferry crossing the Columbia River would be amazing for Portland commuters.
- Our family enjoys living in Washougal. We would like to see the city enforce the parked cars on streets in neighborhoods enforced.
- Our police are a joke, they only deal with people who would pay traffic fines, they are lazy and very discriminatory.

2020 City of Washougal Community Survey: Open-Ended Responses

- Our roads need attention. Residential development is too close to heavily traveled roads and is causing clogs of parked cars adding to the problem of traveling safely on roads.
- Overall the city is doing a great job. Control the rising cost of water/sewer with no real explanation. Wonderful improvements to our waterfront. Why do we have a car dealer ruin the view and the environment? So not green! It contaminates the river. Need to get rid of Westlie Ford.
- Parks, dog parks.
- Pay caps, stop overpaying executives. Do basic math more people, many in new homes, more income for city in taxes. Stop increasing taxes. The increase on property value is increasing the taxes so levies do not need to be raised. Spend like a working single parent spends or a pensioner on fixed income.
- People should be made to clean up dog waste including apartments, it's on the sidewalks.
- People should have the option as to either having recycling or NOT having recycling via Waste Management. And not being forced to pay for something that they have not requested and do not use.
- Pickleball courts need to be resurfaced. Washrooms with running water at this site are also necessary. The courts attract people from all over to Washougal. It is worth the investment. By the way, thank you for putting those courts in to begin with. It's been a wonderful quality of life enhancement for many of us who live nearby.
- Please allow the people to vote for a mayor. Seal the street please at 9th & G. If I wanted gravel anywhere, I would live in the country.
- Please do not charge more taxes, I can barely pay what we have now.
- Please keep fire and rescue, police intact, they are special. Please take care of the older neighborhoods from 32nd St to 39th St, from Evergreen to K Street. We have been neglected for too long.
- Please limit the growth at residential building, it is over taking our roads, schools, and other community services.
- Police department lacks sensitivity and communication skills. In 20 years I've called them 3 times and each time both the 911 dispatcher as well as the police officer have been extremely insensitive, callous, and dismissive. This is completely unacceptable.
- Presently we are seniors, looking 2 years into the future financially is very important.
- Provide economic boost, potentially with store fronts that are of interest to the unique population. People from Washougal drive to Camas for services that are not available or appeal to the Washougal population. Build the library, utilize as a community area with potential conference meeting room space. Clean up the appearance of Washougal from Highway 14 view.
- Really feel that 32nd St 2 miles from Safeway straight up the hill needs attention to speeders. I have been through the hoops. Law enforcement urgently needs to be done, put cameras so see how people might just slow down when they have a ticket in their mailbox.
- Recreation center.
- Reduce cost of water service.
- Reduce water used to help lower fees.
- Reduce water/sewer fees.
- Remove speed bumps from city streets. Remove all the confusing visual signs and decorations from the new roundabouts. Create a character for the city, i.e. small but modern, cozy city. Recruit a marketing firm to publicize the city.
- Remove the speed bump on J St, they are not needed. That street has sidewalks and all controlled access except right at the intersection of J and 39th, I suspect those were put in response to 1 or 2 complainers that has this city walks. 10 mph to clear the bump the speed on J street should be 30 mph not 25 mph the same speed as in the adjacent neighborhoods full of children and parked cars on the road.
- Roads, everywhere potholes sidewalk on Sweet Ridge to school.

2020 City of Washougal Community Survey: Open-Ended Responses

- Rose Jewell in an exemplary employee and should be given a pay increase. Her work with refuel Washougal is important for the citizens of Washougal.
- Schmid family park needs to turn into a dog park. Fees for water/sewer are too high! Keep homeless out of Cottonwood beach area that families frequent.
- Should have larger Library, Senior Citizen Center, Community Center.
- Sidewalks on Stile Road.
- Sidewalks to Schmid park with a crosswalk and reduced speed on 32nd going uphill and downhill sidewalks on all roads leading to schools.
- Slow the rapid growth.
- Some radar enforcement on River Road Speedway.
- Spend less on art and more on reducing water/sewer costs for residents. Increase level of fire/ems people so response times for residents faster.
- Stop raising taxes we don't get enough of what we pay for now, city idea of making money is raising taxes, fees, and fines vote red.
- Stop ripping us off on our Water/sewage cost.
- Stop taxing the poor.
- Stop the uncontrolled growth, the traffic is horrendous, and infrastructure is strained. No more houses or apartments.
- Stop turning natural parks into golf courses. New residences and businesses should pay for expanded required services (i.e. water, sewer, and schools).
- Street crew, one machine 4 people watching it move! Save the tax dollars. Repair the streets, not patch them.
- Streets are horrible disrepair, hill on 32nd needs sidewalks before someone is killed. Water is expensive.
- Streets, add rubber manhole covers, fix Shepard road. More shopping/restaurants. More industrial development, repave streets. Wider streets.
- Take care of this expensive water you were put in office to do. \$300 every 2 months is insane because I want a nice lawn/landscape. I paid \$1200 in water for summer/spring. We have more people here now and paying double if not higher than when we first moved here.
- Thank you.
- Thank you for seeking resident opinions.
- The city has to address the homeless issue. More affordable single-family homes. Reduce water rate.
- The parks are a mess in the summer because no one waters the grass or maintains landscaping. I go to other cities and see nice green well maintained parks - cities that are in very dry climate areas (Chelan, Richland, etc.), and then come back home to Washougal and it looks like the surface of the moon! Let's take more pride in our community!
- The pickleball courts at Hathaway Park need to be redone. This area has been home for many many residents and the funds used here would be greatly appreciated.
- The pickleball courts at Hathaway park need to be replaced and possibly expanded an indoor facility with pickleball should be considered.
- The program for repaired sidewalks needs to be addressed.
- The Red Barn park would be a wonderful dog park. Many pet owners would love to help build/maintain.
- The same thing I say every year. Listen and act on neighborhood concerns/issues for safety and parking. How much could a few signs cost?

- The streetlights in town are extremely dim. I am sure it was a design to save electricity, however there are many pocket areas where there is a super dark shadowy area between streetlights. Also, areas where pedestrians frequently cross are not illuminated enough.
- The streets are terrible and need to be repaved; litter is strewn all over the streets and looks ugly, what are you going to do with the park in 32nd? It's awful.
- They city should help encourage the construction and renovation of smaller affordable housing for citizens.
- Timely and clear notification of property management and ability to provide substantive comments.
- Too many workers just stand around and do nothing.
- Town halls.
- Traffic flow around 32nd from Highway 14 north up the hill. Overpass train tracks on 32nd.
- Two things:
 - 1) The town really needs a dog park.
 - 2) The town can enhance its desirability by reducing light pollution through adoption of a "dark sky" outdoor lighting ordinance - see www.darksky.org.
- Try using more inmates to help with clean up and removing all kinds of tree and road debris on roads. Also help with cutting back stuff around sidewalks.
- Update the library. Add places to meet for families and meetings.
- Use the taxes better, no more roundabouts.
- Very concerned that the fire/ambulance support is far from home - perhaps overhead remain combined with Camas, but house some actual emergency support in Washougal.
- Washougal charges too much property tax and delivers terrible services in return for what it charges. It should reduce the property tax burden on its residents because it provides nothing in return for its excessive property tax charges. Please reduce the property tax in this city as soon as possible because the citizens get nothing in return. It is a disgrace how badly this city is run from a return on investment viewpoint. We are better off without the city charging so much for water and the other services. We see very little value for how much the residents have to pay.
- Washougal has big selling points in both its Columbia and Washougal river fronts. A separate dog park could get some of the dogs off Cottonwood Beach. Develop a Riverwalk along the Washougal - leave zoning space for some small businesses to locate on it.
- Washougal needs an updated community center and library space for the community to meet and connect.
- Washougal roundabout is a mess car lots all over the place and it makes town look trashy. I am pro-business but just way too many used car lots looks like 82nd Ave. Not much else here, downtown is vacant buildings. Codes are all over the place, not major plan, just varied growth.
- Washougal used to have a dog park, when it closed, we were told it was going to be the site of new construction, and yet now it's an empty field of weeds. This is a poor use of space - if it's not going to be built on, the dog park should be re-opened, and the owners penalized for misleading the community over why the park was closed.

More and better-improved trails linking residential and commercial areas, separate from sidewalks and streets, would also be a good investment.
- Watch pace of growth and housing costs.
- Water and sewer are higher here than in the desert.
- Water and sewer is priced very high. Parks need more equipment especially very young child friendly, younger than 5.
-

2020 City of Washougal Community Survey: Open-Ended Responses

- Water and sewer rates are out of control. \$20 fee on car tags should be removed. New school levy was also about teachers, then had nerve to complain about the new school.
- Water and sewer rates are ridiculous.
- Water and sewer rates are too high causing an economic burden on seniors.
- Water bill is too high. Went from 150 every 2 months to 250.
- Water bills are way too high. City streets are fine, it is the highway and country roads that need work. Need more soccer fields that are well maintained. Encourage people to be more of a community with an active community center/gym.
- Water is too expensive, not understanding why especially during wintertime.
- Water and storm water and sewer cost outrageous especially compared to other place. Something needs to be done.
- Water/sewer bill need to be lowered; current rate is awful for seniors.
- Water/sewer/reclamation bills are too high for a one-person household.
- Water/utility rates are extremely high!
- We are a 2-person household and we feel we are paying way too much on our water bill. We feel we are paying for a family of 5 which is not fair. We should pay for what we use not the neighborhood average.
- We do need to take care of the drug problem in Washougal and to not allow campers and motor homes in Bi-mart property.
- We have a basketball hoop on our street for our children. We have received notes about this as against code. We feel it is important to encourage active children. There is no hoop alternative that is within a mile. Please reconsider code.
- We must have multiple dog parks and public restrooms.
- We need a better library.
- We need a dog park, and a rec center with a pool. City over all does a good job, do not like the roundabouts on the highway. I do not recall being asked to vote on this.
- We need a dog park. The Schmidt family park would be ideal for this.
- We need an indoor pickleball facility.
- We need more motocross trails, trails, and camping access. Also a public shooting range.
- We need more public restrooms. Need to monitor the amount of homeless people. The city should not have to clean up after them. I would like to see more street sweeping in local neighborhoods. Broken down cars parked along streets for way too long. The manhole covers one street are too high, cars have to swerve around them.
- We need shelters, affordable housing, need to fix school we have, places for teenagers to hang out, several fenced dog parks, cops need more exercise and better attitudes, affordable housing please, more low income, more disability access.
- We pay way too much for water, re-negotiate the contract. Re-pave streets. Clean up residential in low income neighborhoods. New construction should start in the \$450-\$500k. Improve the downtown area, like Camas.
- We use Camas downtown more since it is closer to our home. The few times we have been to Washougal, it does not stand up to Camas.
- When you fix the street spend the extra money and do it right the first time.
- Why do we have one of the highest fees for water/sewer in the county?
- Why send 2 ambulances and a fire truck to every call? Why have extravagant water and sewer rates? Why have holding ponds that can't retain water runoff? Thank you for allowing fireworks.

- Wish the city would fix the street where water stands when it rains, we can hardly get to mailbox our neighbor has the same problem at least a foot in driveway.
- Would like to see city and homeowners associations on the same page. Granite Highlands has gotten very mixed messages from city in the past 8 years.
- Would like to see the Pickleball Court renovation happen. This a huge asset for our city, both for those who live here to enjoy but to bring others here not only play Pickleball but to add to our economy by spending money while here for food, gas, etc.
- You are doing great.
- You can do better. Our neighborhoods should look like Camas neighborhoods.
- You need to increase your property values to attract higher income families. You currently tax like Camas, but do not offer the same values. Figure it out because when Camas stops growing in 6-10 years people will want to go somewhere. Why not Washougal? There is a lot of potential here for smart dreamers.
