March 21, 2021

Washougal City Council Members, Mayor Costan, and Mr. Scott
1701 C Street
Washougal, WA 98671

Dear City Council Members, Mayor Costan, and Mr. Scott,

It is with much enthusiasm and excitement that I am writing to express my interest in filling the open City Council Member position for the City of Washougal.

Washougal is a community I have a tremendous amount of pride in. Having grown up in SW Washington, I have benefitted from the close-knit and supportive communities throughout Clark County, and specifically now in Washougal where my family and I settled for the long term after buying a home three years ago. With a growing family of our own (currently my wife and I have a three-year-old daughter and nine-month-old son), I see Washougal as a city with strong values, kind people, and an openness that makes it perfect for raising a family. I also see the potential that the city has to continue to grow responsibly while maintaining its identity as an earnest and beautiful community.

I feel I would bring a new perspective and approach to City Council while also honoring the work that has been done and is currently underway. As someone who works in public service in the Camas School District, I understand the importance of working to unite stakeholders to achieve common and important goals. I have passion for, and feel called to, serve others. In this position, my intention would be to listen and learn from our community, to identify needs that the community has, and address them in responsible ways. I see city government as a place where we can get away from typical party politics, and allow the needs of our community to drive the decisions that are made. Through the city's strategic plan, I would want to continue pushing toward the goal of fostering citizen participation through varied approaches. The insights of an engaged community will best serve our direction moving forward.

Personally, I would bring a dedicated and practical problem-solving approach as a city council member. As the policy drivers and deciders for the city, many important and impactful decisions lay ahead for this group—for example: how to proceed with and support the waterfront development, how to support citizens and businesses recovering from the pandemic, and how to continue to invest responsibly with community needs while being cautious of overburdening the tax base. While I would first want to learn my role and find my place in the overall group, I believe I would be an asset in supporting Washougal's mission to provide leadership and effective, fiscally responsible services that achieve our community's vision, by helping create and maintain policies that retain the special feel of the Washougal community. I would also want to grow in this position as the city grows, with the hope of serving in this role for the long term, helping to shape the Washougal my own kids will come to love in the years ahead.

I appreciate your careful consideration and look forward to speaking with you all soon.

Thank you,

A handwritten signature in black ink, appearing to read 'S. Baranowski', with a stylized flourish at the end.

Stephen Baranowski

Stephen Baranowski

2130 N L Ct. ♦ Washougal, WA 98671 ♦ (360) 624-0007 ♦ s.baranowski@comcast.net

Profile

Obtained a Bachelor's Degree in History from Whitworth University in Spokane, WA in May 2010. Graduated with a Master of Arts in Teaching degree from Concordia University in May 2012. Began a career with the Camas School District in 2010 as a coach and then later on a teacher. That has morphed into roles as the Dean of Students and currently the Associate Principal. Along side of this work, there has been active involvement with the Camas Sister City Organization, the Student Wellness Advisory Committee, and Citizens for Quality Schools group.

Employment History

LIBERTY MIDDLE SCHOOL – Camas, WA

Associate Principal, August 2016-Present

Works with a staff of forty teachers and thirty classified staff to serve a student population of over 800 students. Duties range from the supervision of teachers and staff members, to student intervention, to budget management and planning. Through this role, I have been given the opportunity to sit on many district committees to create policy around student discipline, health and nutrition standards, and other areas. I have also had the chance to sit on the district side of union negotiations and mediations.

CAMAS SISTER CITY ORGANIZATION – Camas, WA

CSD Liaison, October 2013-Present

The position of Dean of Students calls for disciplinary response and policy creation. A large portion of the job will focus on staff development, keying on increasing the achievement of our Low SES and SPED students. Will oversee some classified staff.

POLISH ENGLISH LANGUAGE CAMP – Morawica, Poland

Teacher Lead, 2014 and 2016

Travelled to Poland to teach at a month long English Language Camp in Morawica, Poland, a sister city to Camas, WA. Taught lessons that worked with the students' English conversational abilities while also representing the City of Camas in our sister cities of Morawica, Zabierzow, and Krapkowice.

LIBERTY MIDDLE SCHOOL – Camas, WA

Dean of Students, August 2014-2016

The position of Dean of Students called for disciplinary intervention and policy creation around student discipline. A large portion of the job was focused on staff development, keying on increasing the achievement of our Low SES and SPED students. Oversaw the supervision of twenty classified staff members.

LIBERTY MIDDLE SCHOOL – Camas, WA

6th Grade Language Arts and Social Studies Teacher/ASB Advisor, August 2012 to June 2014

Taught a block language arts/social studies class while also teaching a leadership class as the A.S.B. advisor for the school. Focused on ancient world history and literacy through nonfiction in social studies, and the enhancement of writing and literacy skills in language arts.

Education

CONCORDIA UNIVERSITY – Portland, OR

M.A. Teaching, 2012

GPA: 4.0/4.0

WHITWORTH UNIVERSITY – Spokane, WA

B.A. History, 2010

GPA: 3.5/4.0

To Whom it May Concern,

I am writing to express my interest in Washougal City Council position #1. I have lived in Washougal over 4 years now since meeting my wife and moving to the area, as she is a teacher and varsity volleyball coach for Camas High School.

Immediately upon moving to the area from the west side of the Portland Metro area I could feel the sense of community within the city. Wanting to start making our contribution to city and grow our roots, we opened up 2 Rivers Bar & Grill in the Washougal Town Square and been thriving ever since our opening in the fall of 2018, and we are currently exploring other business projects within Washougal.

Now, for a little history about me. I am a 45-year-old with a law enforcement and business background. After college, I knew I wanted to work in law enforcement and so I did. I worked for a couple agencies over an 8-year time period in my early twenties. I left law enforcement wanting to find a better work home life balance and got into business and became large multi-unit owner for a couple large national franchises across Oregon employing up to 300 people at one point. Opening all these businesses forced me to learn a lot quickly. Operating as franchisee for a top franchise requires a lot of knowledge and skill in many areas; Commercial Real Estate, contract negotiations, human resources, payroll, accounting, and much more. I feel these skills have allowed me to gain the skills necessary to become a valuable asset to the City of Washougal and to help in the vision and direction I see the city going.

Personally, my wife and I are very active travelers (Pre Covid). I have had the chance to travel all over the world and see many things. I found myself very fortunate to be able to do these things and I really is one of the joys of my life. Another great passion of mine is the outdoors. As a hobby I know work as a Professional hunting guide in Alaska for several weeks a year. AS I have been very lucky in my personal pursuits, I find helping others to achieve their goals is even more satisfying to me.

One page is barely enough to allow myself to give you a little insight in to who I am and what I can offer. I know I would be a great addition to the council and believe that working together we could do great things.

Thank You for your consideration.

Washougal City Council

Application Cover Letter – Chris Kosmas

To whom it may concern,

I am excited to apply for the open city council position in my home city of Washougal. I feel I'm qualified to represent my community in the capacity of city council member based on my diverse background and experiences.

I have participated in team sports almost my entire life, first as a player in multiple sports as a youth, through to being a scholarship baseball player at Concordia University in Portland, OR. I have also coached youth baseball at Clackamas High, and Wilsonville High, and recently coached my daughter's 5th grade youth basketball team in Washougal. I learned many lessons throughout my time as a player and coach, most importantly was learning how to positively interact with many different types of people, each having their own perspective and opinions as it related to either themselves or their family members.

I was able to start my post college career in sales, as a manufacturers rep for a company based in Seattle, WA. I was thrust into a role where I was essentially my own boss, as my role was to be the lone salesperson for the company in the state of Oregon. This provided a "sink or swim" opportunity to become self-motivated and organized in a professional setting.

I was later offered a position with my current company, Christenson Electric, where I rose through the ranks to become the Manager of our Energy Services Group. I am now responsible for managing all of the companies work in the areas of Lighting, preventative maintenance, and Electric Vehicle Charging. This role oversees approximately 50 employees, with an annual revenue of ± 10mil.

Based on but not limited to the experiences I have listed above, I know I would be a thoughtful, reasonable, and empathetic representative of and for our community.

Thank you for your time and consideration.

Respectfully,

Chris Kosmas

Chris Kosmas

Objective To utilize my background and skillset in serving the community of Washougal that I am grateful to call home.

Work Experience

2010 - Current **Christenson Electric Inc.** **Portland, OR**

Manager – Energy Services Group

Professional Member of;

STATE OF WASHINGTON

To whom it may concern,

I am writing this letter for Council Position #1. I have two bachelor's degrees from WSU Pullman. One in Criminal Justice and the other in Sociology, specializing the Law and Social Control. I also minored in Psychology. I have lived in the wonderful City of Washougal for over 5 years. My employment history is extremely diverse which I believe gives me a unique and broad view to understand various matters from multiple perspectives.

I began my career Teaching English as a second language in Japan. I did that job for 11 years and worked for two different companies. During that time, I worked with individuals from over 40 different countries. It gave me the opportunity to learn about their cultural beliefs and customs.

I taught English to individuals from many different fields including, but not limited to medical staff, business owners both small & large, engineers, scientists, factory workers, children, stay at home moms, office workers, lawyers & public servants. While teaching all these different individuals, I was able to learn about their personal lives, what was important to them, what drove them and what hardships they went through and why. It also motivated me to learn more about each field, so I could better understand why they were studying English and how they would use it. In some circumstances it required me to have a very deep understanding of specific fields such as chemistry, law, or engineering so I could teach them how to express their ideas in the best clearest manner. In short, I had to understand exactly what they were researching, arguing, or designing to teach them.

When I returned to America, I took the only job available at that time to provide for my family. I cut grass, cleaned out gutters and manually dug up sewer drains. I was 37 years old. It was not fun work. It was not glamorous work. It was back breaking work, but it put food on the table and in my family's bellies.

I had to do that job for a few months until I started working for a local real-estate company for just under two years. I oversaw yearly inspections of the occupied units. This gave me the opportunity to physically see how people lived with my own two eyes. The good, the bad and the very bad and filthy.

Finally, I began working for my current Employer the Department of Corrections (DOC). In that field, I took to it like a fish in water. Now, I enjoyed my other jobs, but the overall interests of all those previous companies were to make money. The Department of Correction's mission is to "Improve public safety by positively changing lives." At my heart's core I am a public servant. I want to make the world, where I live a better place, but understand that my Employer is not only DOC, but the residence and taxpayers of Washington state. I believe having that mindset has allowed me to promote so quickly in DOC. I do not see these people as Incarcerated Individuals. I see my future neighbors. Their children will go to my children's school and so I want them to succeed, but at the same time, must make hard decisions and hold them accountable for their actions.

Given my broad employment history that has allowed me to learn, understand and witness first hand diverse cultures and customs, the concerns and hardships of people from all different types of employment, my ability get my hands dirty and do the work that needs to get done, see firsthand all the different living situations people are in & my work with DOC understanding the role and responsibility of a public servant, I feel I am qualified for this position and a welcome addition. I look forward to having the opportunity to prove it.

Sincerely,

Jeremy (J.C.) Rescorla

Dear Jennifer Forsberg,

I am applying for the Washougal Position #1 vacancy. I am a retired Senior Officer in the United States Marine Corps and have held leadership roles in big pharma and health care for over the last 30 years. I have been deployed around the world conducting humanitarian, training and combat operations. My wife and I have chosen Washougal to be our home of record for over 14 years. Now that I am recently retired and settled into my community, I wish to continue my service and participate locally. I have served our nation around the world in command and operational billets and would like to offer these skills and experiences to our community. I have no specific agenda other than to move through these COVID times, take care of our neighbors and to ensure everyone is proud and respectful to be a citizen of our growing city. I am very excited about this opportunity and feel my experiences and successes have provided me with unique qualifications that I would bring to the leadership team. I have many valuable skills, noteworthy successes and qualifications that would assist in your requirements. I lead by example accomplishing all missions and tasks. I inspire and motivate all with results and a winning attitude. Thank you for your consideration. I will endeavor to serve to the best of my ability.

Sincerely,

David Stuebe
